SAN Olympus is a series of fire and water resistance safes. This series has 120 minutes fire resistance as its main feature. Modern minimalist design with 2 colors to choose from makes it easier to place the safes in any office or home environment. San Olympus is the right choice for those who need higher level protection for their valuables from fire or water hazards.

## Specifications

- UL 72 Class 350-2 hours certified for 120 minutes fire resistance
- Water resistance feature that prevents water from seeping into the safe even when it is completely submerged
- Digital media protection
- Equipped with a stylish digital "touch screen" lock
- Bolt-down feature for permanent placement on the floor to prevent burglary
